ADJUS-RITE GAGE

Precision Adjustable ID&OD gage

This gage is designed for quick and easy set-up for checking both ID. & OD features over a wide range of diameters.

Advantages of the ADJUS-RITE GAGE

- 1) Gage is built robust for durability in shop environment.
- 2) Gage adjustment range is : ID = 1in. To 6in. Dia.
OD = 1in to 4in. Dia.
- 3) Gage can be used for future projects with minimal cost by purchasing new ID/OD locator and master per new part specifications.
- 4) One micron repeatability can be expected for most applications.
